18-19, 2023  
Lyon

## Workshop

# "Public Policies, Cities, and Regions"

### Keynote Speakers

- **Dionissi Aliprantis**  
(Federal Reserve Bank of Cleveland)
- **Daniel Sturm**  
(London School of Economics)

### Scientific Committee

- **Gilles Duranton**  
(Wharton, Univ. of Pennsylvania)
- **Nelly Exbrayat**  
(GATE, Univ. Saint-Etienne)
- **Laurent Gobillon**  
(Paris School of Economics, CNRS)
- **Florence Goffette-Nagot**  
(GATE, CNRS)
- **Florian Mayneris**  
(UQAM)
- **Sonia Paty**  
(GATE, Univ. Lyon 2)
- **Frédéric Robert-Nicoud**  
(Univ. of Geneva)
- **Mathieu Sanch-Maritan**  
(GATE, Univ. Saint-Etienne)
- **Elisabet Viladecans**  
(Univ. of Barcelona)
- **Victor Stéphane**  
(GATE, Univ. Saint-Etienne)

### Organizing Committee

- **Nelly Exbrayat**  
(GATE, Univ. Saint-Etienne)
- **Florence Goffette-Nagot**  
(GATE, CNRS)
- **Victor Stéphane**  
(GATE, Univ. Saint-Etienne)

### CALL FOR PAPERS

Public policies are often closely related to urban and regional issues. Place-based policies such as enterprise zones or industrial cluster policies, but also local public policies, are by nature spatially differentiated. Moreover, many public policies are related to the housing market (e.g. tax incentives for rental investment), land use (e.g. zoning policies) and environment (e.g. protected areas) and use delineation rules to target specific types of locations or agents.

This workshop will gather original research papers shedding some light on the issues raised by these public policies for urban and regional economies, both in developed and developing countries. The workshop welcomes submissions of theoretical and empirical contributions. The accepted papers (15) will be presented over two days and will complement two keynote speakers' presentations.

#### Submissions:

Papers must be submitted by email to [ppcr@services.cnrs.fr](mailto:ppcr@services.cnrs.fr) in pdf format by **September 15, 2023**. Decisions of acceptance will be notified by **October 16, 2023**.

Registrations will be opened from October 16 to November 24.

Attendance is free for presenters and will include lunches, dinner and coffee breaks. There is a registration fee for non-presenters. Further information on the workshop will be available on the GATE website [www.gate.cnrs.fr/ppcr2023](http://www.gate.cnrs.fr/ppcr2023).
