

**12th International Workshop Spatial Econometrics and Statistics
17-19 June 2013
Orléans, France**

The 12th edition of the International Workshop Spatial Econometrics and Statistics will be held in Orléans, jointly with the International Conference "Interactions in Complex Systems", organized by the Pluridisciplinary Institute Modelling - Systems - Languages (ITP - MSL), a new research structure of the University of Orléans coordinating 5 research laboratories : Economics (LEO - UMR 7322 CNRS), Computer Sciences (LIFO – EA 4022), Linguistics (LLL – UMR 7270 CNRS), Mathematics (MAPMO – UMR 7749 CNRS) and System Engineering (PRISME - EA 4229).

The aim of the workshop is to bring together economists, econometricians, statisticians, and geographers to discuss the state-of-the-art and future challenges as well as opportunities in the fields of spatial econometrics and statistics. This workshop also aims to reinforce and encourage exchanges between senior and junior researchers involved in spatial statistics and econometrics.

Invited Speakers :

[Ingmar PRUCHA](#) (University of Maryland, USA) and [Badi BALTAGI](#) (Syracuse University, USA).

Theoretical and applied studies with methodological advances in spatial econometrics and statistics are welcome. We especially encourage submission by junior researchers.

Completed papers or long abstracts (6 pages) should be submitted electronically in .pdf format to the following address: <http://www.univ-orleans.fr/mapmo/peps/?q=node/35>.

When submitting, please specify the name of the presenting author and also indicate if you are a Ph.D. student or a young researcher (having defended a Ph.D. within the last five years).

Submission deadline: April 5, 2013
Notification of acceptance of papers: April 20, 2013

Organizers:

Cem ERTUR (cem.ertur@univ-orleans.fr) and **Nicolas DEBARSY** (nicolas.debarsy@univ-orleans.fr).
